BARK-NVKIT COURSE

welcome sign

The BarkPark™ Welcome Sign sets the tone and the rules for the park to help promote safety and fun for everyone. Mounts inground.

PBARK-495 BarkPark Welcome Sign (Specify Color Option)

81 lbs.

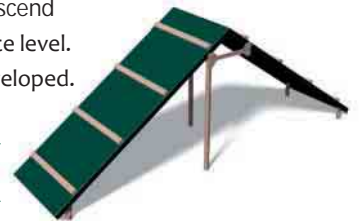

king of the hill

The BarkPark™ King of the Hill A-frame provides a challenge for all dogs to walk or run up an incline and descend the other side at their own pace and confidence level. Endurance and balancing capacity are also developed. Mounts inground.

PBARK-400 King of the Hill (Specify Color Option)

240 lbs.

A PLAYCORE Company

All BarkPark™ equipment is designed for heavy-use in outdoor park settings.

doggie crawl

The BarkPark™ Doggie Crawl is a classic crawl tunnel that features many spyholes for increased interior

brightness and superior supervision. The large diameter tunnel allows entry by most dogs and is made of heavy-duty rotomolded plastic. It can be surface mounted with ground spikes (included) or mounted inground. Some assembly required.

02-07-0057 Dog Crawl (Specify Color Option)

90 lbs.

paws/grooming table

The "Paws" Table provides a place for dogs to take a rest break while running the BarkPark™ course or to practice sit and stay commands. Basic grooming can also be accomplished while the dog takes a pause. Mounts inground.

PBARK-420 Paws Table (Specify Color Option)

56 lbs.

playful

ROVER JUMP OVER

The BarkPark™ Rover Jump Over is an adjustable jump bar challenge that allows for quick and easy height changes as the dog's confidence and precision increases or for smaller dogs. The height can adjust simply by moving the bar to higher notches in the frame. Mounts inground.

PBARK-450 Rover Jump Over (Specify Color Option) 75 lbs.

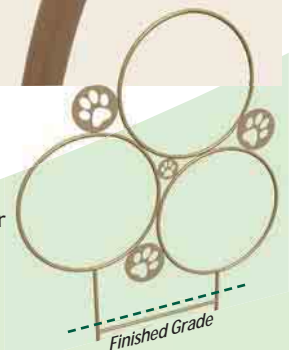

Steel walking planks feature BarkPark's proprietary CanineCoat™, a thermoplastic coating that has been specially developed to provide superior slip-resistant traction for dog's paws. CanineCoat™ is a tough commercial coating that provides superior adhesion, UV protection, and resistance to vandalism and urine.

HOOP JUMP

The BarkPark™ Hoop Jump is a progressive jump trainer for dogs of all abilities. Featuring three rings of increasing heights. Mounts inground.

TBARK-430 Hoop Jump (Specify Color Option) 32 lbs.

teeter totter

The BarkPark™ Teeter Toter offers the challenge of an obstacle that the dog must “control”. Once mastered, the Teeter Toter can be a real confidence booster for dogs in terms of balance. Mounts inground.

PBARK-440 King of the Hill (Specify Color Option) 100 lbs.

PBARK-496

fido fountain

Fiberglass and stainless steel components provide a strong, weather resistant fountain where active dogs can quickly find refreshment. Also available with accessible handle.

PBARK-496 Fido Fountain 30 lbs.

PBARK-497 Fido Fountain w/ ADA Handle 30 lbs.

pet waste station

The most economical and practical tool to motivate dog owners to pick up after their pets. Includes bag dispenser, waste receptacle, and reflective pet sign.

PBARK-490 Pet Waste Station 49 lbs.

PBARK-497
Colors as shown

fido & me fountain

The BarkPark™ Fido & Me Fountain offers a pedestal style drinking fountain and attached pet fountain. Available in green powder-coat finish, this attractive dual fountain provides refreshing water for dogs and their owners.

PBARK-494
Colors as shown

PBARK-498 Fido & Me Fountain 120 lbs.

PBARK-499 Accessible Fido & Me Fountain 155 lbs.

PBARK-494 Fido & Me Fountain w/ Accessible & Standard Basins 160 lbs.

weave posts

The BarkPark™ Flexible Weave Posts include six posts. The posts are manufactured in sets of three on surface-mount plates that allow for easy alignment. Each post is powder coated and has a flexible rubber stopper located at the attachment point that provides great spring action for safety and smooth pacing even at top speeds.

PBARK-460 Weave Posts (Specify Color Option) 84 lbs.

stepping paws

Stepping Paws require the dog to either step or jump from each platform as the pods increase and decrease in height while helping to develop balance and confidence. The pods can be arranged to provide a true test of agility or just a fun obstacle for dogs to play on. Surface mounted.

PBARK-470 Stepping Paws (Specify Color Option) 75 lbs.

dog walk

The Dog Walk is the largest BarkPark™ component and is made up of three non-slip planks supported by inground-mounted posts. Dogs can walk or run up, across, and down the planks based on their individual level of balance and confidence. Mounts inground.

PBARK-410 Dog Walk (Specify Color Option) 360 lbs.

leash post

The BarkPark™ Leash Post provides a place to hang a leash or park a dog while getting things ready. Can be mounted near benches and tables either by ground spike or anchor bolts.

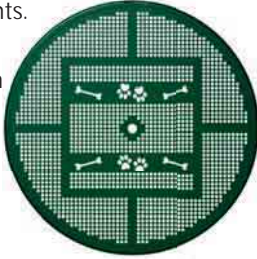

PBARK-480 Leash Post (Specify Color Option) 33 lbs.
